In closing, I appreciate you taking the time to read this newsletter, and I hope that you will find our sites interesting and educational. Our sites feature live, free webinars and blogs posts will be posted on our FaceBook pages. Please attend or view the sessions that I could not see "live" after the conference. The National Commission on Correctional Health Care will feature care and education for women's health for the fall conference virtually November 2-4. I recommend that you have at least one copy at your facility so that all nurses have access to it. The third edition can be purchased on the ANA website or directly from Correctional Nurse, Inc. I hope that you enjoyed it!
